MEMORANDUM FOR: Project Director of Administration
SUBJECT : Detachment Personnel - Clearances

In connection with deployment of Detachment A we have experienced some minor difficulties in connection with final processing and the clearance of contractor personnel being assigned to the detachment. The crux of the situation appears to be that the contractors in two instances were processing people for overseas assignment without full security approval for such usage. We have taken care of the problems generated in the instant cases; however, to preclude a recurrence, it is suggested that as a matter of administrative procedure within the Project Staff we verify full security clearance on all personnel nominated prior to, or as part of the administrative overseas processing procedure.
